Hi Team,

Please follow the below guidelines to sign in to your Microsoft 365 Business Basic account and set up Outlook, OneDrive, and Office applications.

- Step 1: Sign in to Microsoft 365

  1. Go to: https://www.office.com
  2. Click Sign In
  3. Enter your company email address
  4. Enter the temporary password provided
  5. Create a new password when prompted

- Step 2: Set Up Microsoft Authenticator (Required for Security)

  1. Download Microsoft Authenticator from:
     - Android: Google Play Store
     - iPhone: Apple App Store
  2. After entering your password on office.com, you will be prompted to set up additional security verification.
  3. Select Microsoft Authenticator App
  4. Open the app → Tap + Add Account → Choose Work or School Account
  5. Scan the QR code displayed on your computer screen
  6. Approve the test notification to complete setup

This step is mandatory for secure login (Multi-Factor Authentication).

- Step 3: Set Up Outlook (Email)

If you DO NOT have an existing account in Outlook:

  1. Open Outlook

2. Click Add Account
3. Enter your company email
4. Approve sign-in via Authenticator
5. Complete setup

If you ALREADY have an old email account in Outlook:

Do NOT remove the old account.

1. Open Outlook → Go to File → Click Add Account
2. Enter your new Microsoft 365 email and complete setup
3. Go to File → Account Settings → Account Settings
4. Under the Email tab, select the new company email
5. Click Set as Default

- **Copy Old Emails to the New Mailbox**

1. Open your old mailbox
2. Select important emails or folders
3. Right-click → Move → Select the new mailbox
   OR drag and drop folders into the new mailbox

Please make sure all-important emails are copied before the old account is deactivated.

If you need assistance with the email migration process, contact the IT Department.

- Step 4: Set Up OneDrive

1. Set up OneDrive
   - From https://office.com click OneDrive to open it in the browser.
   - On your PC, open the OneDrive app, sign in with your company email, and choose the folders you want to sync.

- Step 5: Use Office apps (Word, Excel, PowerPoint, etc.)
    - From https://office.com you can open Word, Excel, PowerPoint directly in the browser.
    - If you have the desktop apps installed, open them and sign in with your company email when asked.

If you face any login or setup issues, please contact the IT department immediately.

Please do not share your password with anyone.
If you have any issues signing in or setting things up, contact contact the IT department

Thank you.
